RAINSCREEN CLADDING, REAR-VENTILATED AND HEAT-INSULATED – MOEDING is setting global standards with ALPHATON® and LONGOTON® in the segment of ceramic facades. In innovative projects and with novel requirements with respect to the large-scale facade elements, maximum quality in development and production is always guaranteed. The natural brick material is colorfast and stable, individually designable and easy to install – for sustainable facades, completely according to the wishes of the planner.

max. Length / Format	Length = 3000 mm / Width = 1000 mm
min. Format	Width = 150 mm
EN/DIN	DIN 18516, Teil 1 Außenwandbekleidung
Characteristics Info	Tile facades from MOEDING can take on any shape and form. Due to the latest technical systems, nearly any desired form can be produced – whether bent, waved or based on a three-dimensional shape. There is also the greatest of flexibility in the color design. From natural brick colors to glaze colors as desired to special effect glazes or manual color design – there are no limits to one's imagination here.
